No we're not complaining but it's always raining

It's in the middle of nowhere but we really don't care  
Here we are at Cornell  
We don't go to classes, we just sit on our asses  
Here we are.....  
Such diversity in one university  
Here....  
no we're not complaining but it's always raining  
Here...  
And when we are gone, it'll still go on and on and on and on and on and on  
and on and on and on**
